

stick close to
my side

words by devi mccallion
art by scoopie gee benton

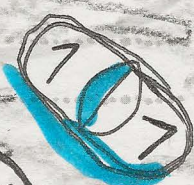

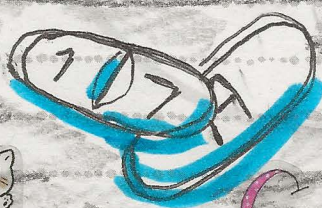

i know i've been gone
a long time...

i hope i didn't
scare you

i went back to
the sea...

you know i do my
best to entertain
you.

to hold my breath

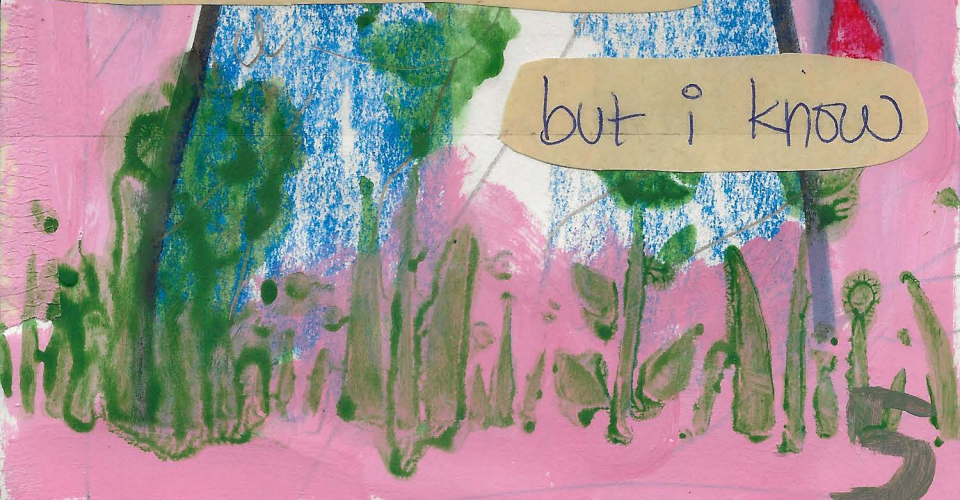

to grit my teeth...

in a way people
dont often understand

but i know

they

always

think

that

I'm
joking

it hurts my feelings

e

it breaks my heart

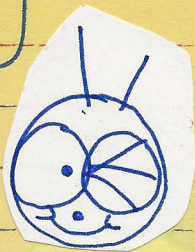

i'm such a cry baby

first bath

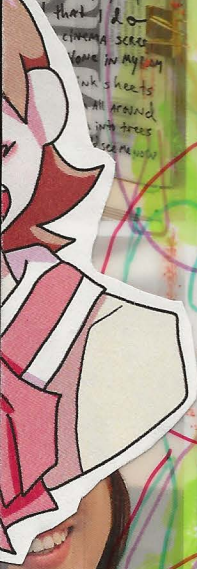

from the
start i
loved to
complain
about
myself

When your heart beats faster

Taking everything in
pounding up all that is you
RACING YOUR HANDS
all the memory turns blue
each them play so repeat
that I do
cinema scenes
come in my dream
pink sheets
with around
with trees
these memories

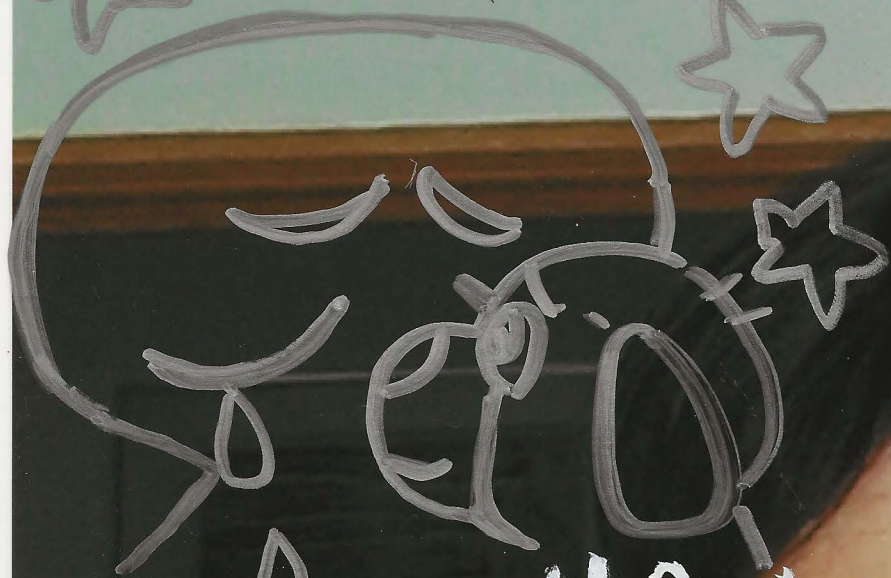

mile

when your legs give out

when you feel
so helpless

now you think
and now you
know i know.

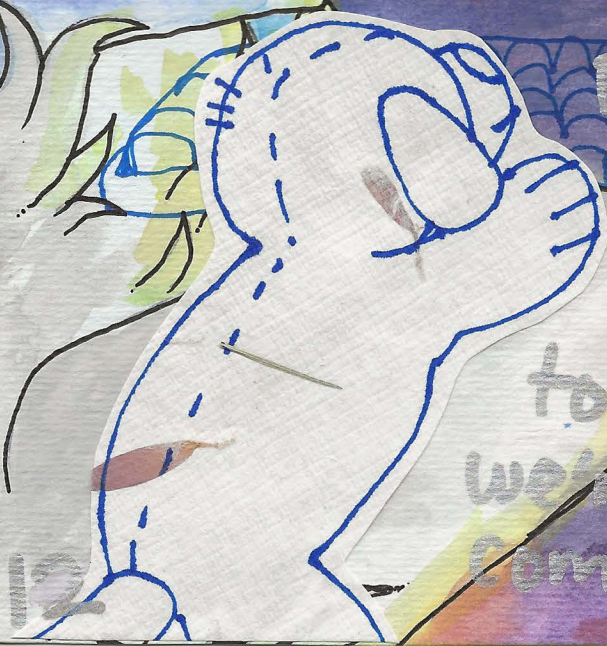

because things
never go how you
want them
to

because everytime

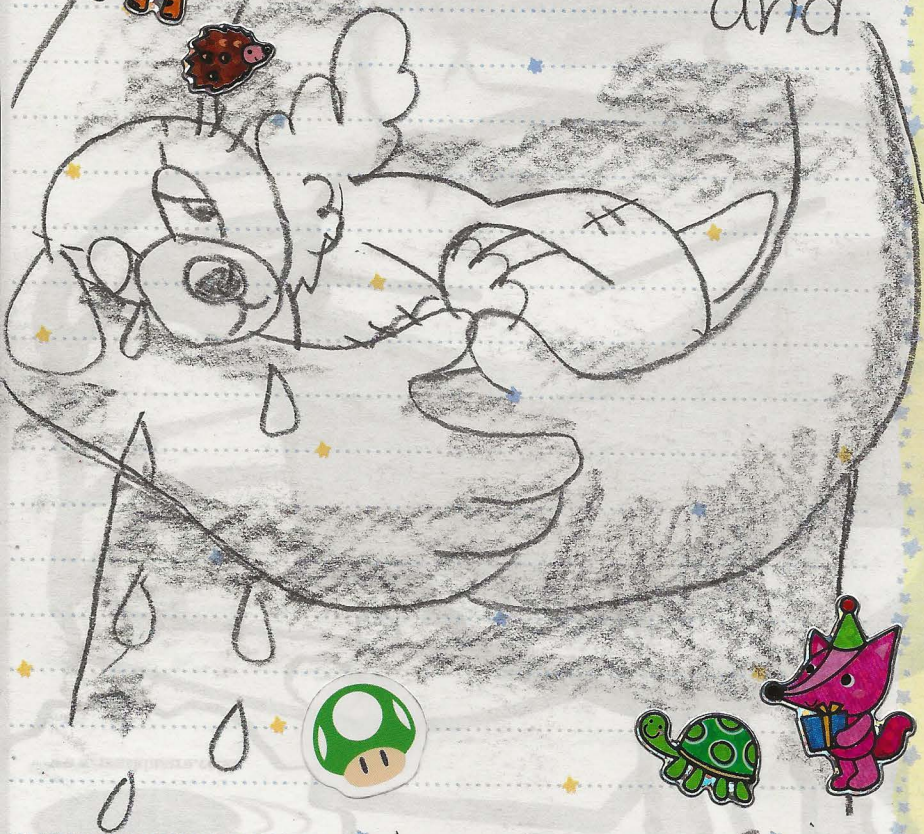

just
pretend
i'm
talking
to you when
we're on the
computer

Please stick close
to my side

please help me
down

Stay close to my
right
and

let me be pathetic
in your arms
♡ ♡ ♡ :3

stick close
to my
side

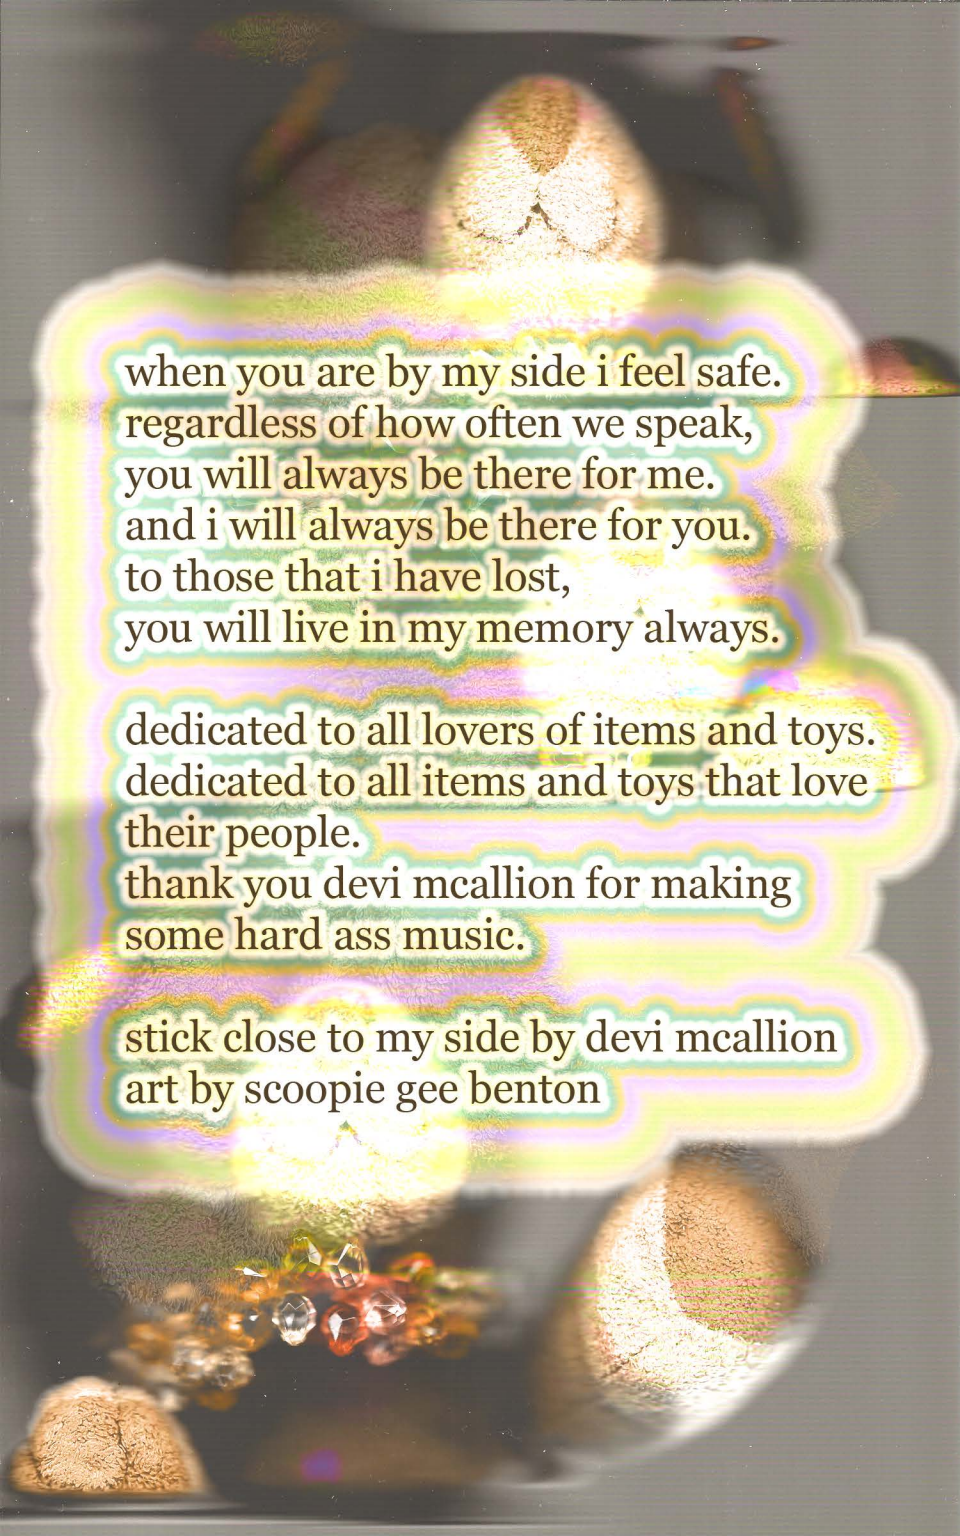

really
fucked
myself

please just
look at my
eyes and

let me
think of
something
else

when you are by my side i feel safe.
regardless of how often we speak,
you will always be there for me.
and i will always be there for you.
to those that i have lost,
you will live in my memory always.
